## TOUCH SCREEN COLOUR DISPLAY

The intuitive 2.4" colour touch display allows easy operation, enabling you to select your preferred coffee or create personalized coffee recipes.

## MY COFFEE CHOICE

Personalize the beverages the way you like and store them into My Coffee, total 4 user profiles.

My Coffee

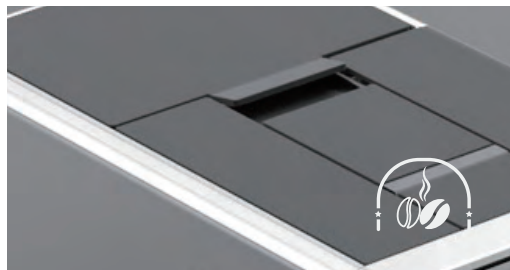

## COMPACT & STYLISH DESIGN

215mm compact body offers a small footprint and streamlined design brings brand-new visual enjoyment. Matching home decor easily.

## SEALED BEAN HOPPER

Sealed bean hopper protects coffee beans and preserves the original aroma over time.

## ACCURATE GRINDING

With the adjustable setting options, you can choose the appropriate grind granularity according to the beans you use or to your own preference. And the conical steel burr with precise powder control delivers uniform thickness for every grinding, so as to get the best flavour from the beans.

## ROBUST BREWING UNIT

The brewing unit with greater tamping pressure and ideal water flow rate brings a high level of Espresso extraction, cup after cup.

## FAST HEATING SYSTEM

BTC-10 is able to generate hot water and steam extremely rapidly thanks to the advanced thermoblock with total heating power of 1400W.

## FRESH MILK SYSTEM

The optimized milk system is able to mix the right quantities of steam, milk and air, creating delicate milk foam at a desirable temperature.

## COFFEE RESIDUE-FREE (OPTIONAL)

Enjoy fresh coffee cup after cup with the residue-free technology thanks to the drainage pump, which guarantees no coffee residue before or after making coffee.

## Specification

	BTC-10
Recommended daily output	20-30 cups
Bean hopper capacity	200g
