

Description

Popular heavy duty cabinet with reliable refrigeration system that can save on energy costs and improve efficiency. Built to international quality standards you are guaranteed a good long term investment.

The stylish design with the integrated handles allows food to be prepared safely and hygienically on an integrated stainless worktop. Two convenient doors for quick access to produce.

The under counter storage maximizes valuable available space. The two door can be removed and replaced with a convenient double drawer kit (optional). The drawers run on high quality runners.

A smart cooling system provides constant air flow throughout the cabinet ensuring excellent food preservation.
